Collection of medical information via SureMed

Dear Practice Manager

This letter is to confirm that we have engaged Konnect to manage Asteron's medical information requests through their SureMed service, including PMAR's, questionnaires, build exams and examinations.

We are confident that SureMed will make the process easier for your practice and for Asteron.

Under this arrangement, Konnect will pay medical fees for Asteron requests delivered and completed through the SureMed service, and will respond to queries and manage follow-up contact with practices through a dedicated SureMed support team.

If you have any questions, please do not hesitate to contact me on +64 4 495 8796.

Yours sincerely,

Dianne Wells

Manager Intermediated Operations
